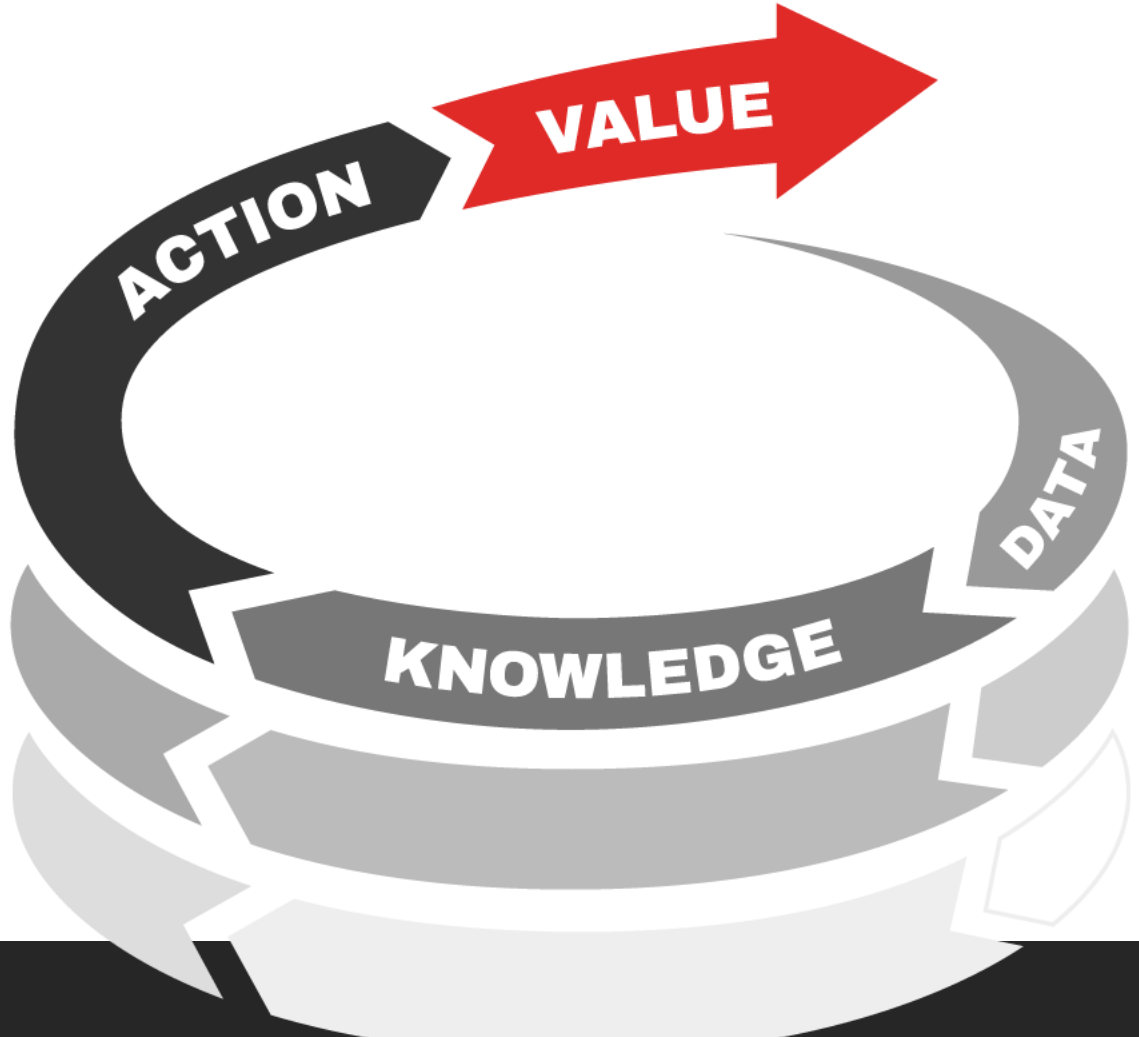
A Focus on Data and Creating Value for our Customers



Engineering Solutions

"Always Spiraling Up"

Real-Time Analysis

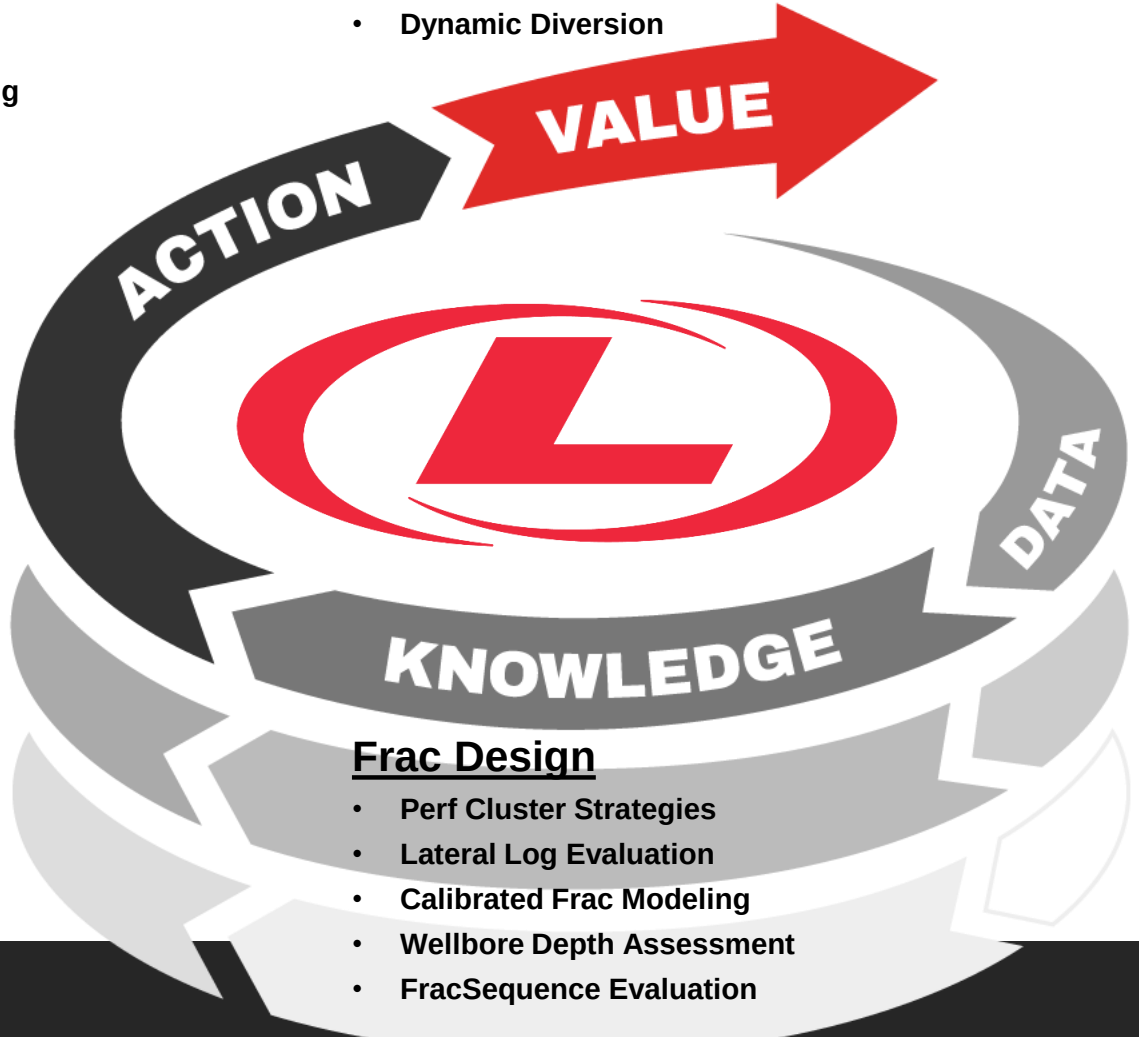
- DFIT Support & Analysis
- RT Design Refinement
- Stepdown Test / Perfs Open Analysis
- WellWatch™ Real-Time Monitoring
- Dynamic Diversion

Proppant Selection

- Conductivity Testing
- Regained Permeability Testing

Production & Economics

- Fraconomics™
- Integrated Frac & Production Modeling
- WellWatch™ Well Spacing Evaluation



FracRx

- Surfactant Selection
- Biocide Selection & Post-Frac Monitoring
- GreenSelect
- Spirit Fluid System™
- HVFR Selection
- PowderFR
- Spearpoint
- SafeBuffer
- GreenFrac
- Scale Selection
- ClayTreat Selection

Area Assessment

- FracTrends™
- LibertyMVA™
- Better Well Consortium
- Rock Quality Assessment
- FracTrendsNP

Frac Design

- Perf Cluster Strategies
- Lateral Log Evaluation
- Calibrated Frac Modeling
- Wellbore Depth Assessment
- FracSequence Evaluation
